

Paintings for Truth-Clarification

February 04, 2002

(Clearwisdom.net) These four paintings were drawn by countryside Dafa practitioners from Hebei Province to help kids in the villages to learn the truth of Falun Dafa. They posted the paintings with instant glue near the roads leading to school and on campus. Countryside Dafa practitioners have difficult conditions to clarify the truth. However, their pure hearts towards Dafa and all sentient beings emerge vividly on the paper.
