

Drawing: Explaining the Facts of Falun Gong Regardless of Wind and Snow

January 17, 2014 | By a practitioner in China

(Minghui.org)

A charming wash drawing shows people at a bus stop in China happy to have the book titled Nine commentaries on the Communist Party, which they have just received from an older Dafa practitioner. The young boy with his mother is carrying a Shen Yun DVD. The banner on the tree to the right is worded: "Falun Dafa is great."

The peaceful scene depicted in this simple drawing illustrates the way that practitioners in China quietly and persistently clarify the truth, so that their fellow countrymen can see through the lies of the Communist regime and understand the beauty of Falun Dafa.
